

PRODUCTION TESTING POSITIONS - CANADA

ABOUT US

Colter Energy LP (Colter) has successfully delivered innovative energy services since 2003 and is dedicated to problem-solving and getting the job done safely and efficiently.

We are one of the largest leading flowback & production testing equipment and service providers in North America, with a trusted reputation spanning 18 years.

We specialize in the design and implementation of all phases of detailed flowback and production testing programs. Our services include all operations related to frac support, drill-out, flowback, production testing, workovers, abandonments, and completions of oil, conventional gas, and alternative gas wells.

ABOUT OUR CULTURE

At Colter, our culture is all about our people. We are committed to operational and safety excellence. Proactive leadership is a top priority in all our activities. Our Management is committed to creating a positive and trusted environment, one where all team members take responsibility for achieving personal and company goals.

We believe in six Core Values and strive to translate those shared values into behaviors and actions everyday:

Customer Focused

- ✓ We have built a **Customer Focused** culture, putting our customers at the center of our business.

Operational Excellence

- ✓ We are focused on achieving **Operational Excellence** with the best possible outcomes for our stakeholders.

Loyalty

- ✓ Our people show immense company **Loyalty**, going the extra mile in every situation.

Teamwork

- ✓ Our workplace environment fosters **Teamwork**, one where we share accountability for achieving a common goal.

Exceptional Value

- ✓ Our project and management teams are focused on creating **Exceptional Value** for our customers.

Respect

- ✓ We treat everyone with **Respect** within or outside the organization

ABOUT THE OPPORTUNITY

With operations in Canada and the United States, we are looking for motivated candidates that share our core values, our commitment to safety, quality, and operational excellence. Our people are essential to the growth and success of our organization. We invest in our employees through career development, competitive compensation, and health benefits.

We are currently seeking team members for a full time **Production Testing Assistants (Gas Well Testers)** in our Grande Prairie location. These positions are field based, involving approximately 20 days a month travelling to work sites throughout Alberta, Saskatchewan, and Northern British Columbia to perform gas well testing duties. We offer competitive industry wages, an excellent benefit program and RRSP matching program.

ABOUT YOU

- Field Assistants require no experience but must be able to follow direction and be interested in learning
- Reside in the Grande Prairie area (within 30 minutes of our shop)
- Field Assistants are also provided a non-taxable daily meal allowance
- Required certifications; Standard First Aid, H2S Alive, CSO training from Energy Safety Canada
- **Pre-employment Drug & Alcohol screens are required for all Safety Sensitive Positions**

Salary starting at \$ 225.00 per day

If this sounds like you, and you share our values, submit your resume today!
